PREPARING FOR CONFERENCE.

St. Johnsbury Expects 140 Preachers and 80 Wives.

St. Johnsbury, March 21.—Grace Methodist church will entertain about 140 preachers, 70 or 80 to be accompanied by their wives, besides a number of visitors, who will address the conference, during the week of April 14-21. This occasion will be the 63d session of the Vermont Methodist Conference, to be presided over by Bishop Joseph F. Barry.

On Tuesday evening it is expected that Rev. Dr. Charles A. Crane, pastor of the People's Temple, Boston, will give one of the great lectures for which he is noted. Rev. Theodore S. Henderson, D. D., of New York city, will have charge of the evangelistic work, occupying two hours every day, one at 8 a. m., and the other at 4 p. m.

Wednesday afternoon will be occupied with the conference missionary sermon by Rev. P. A. Smith of Morrisville, and by the anniversary of the Deaconsess work, at which Miss Taggart and Mr. Hilditch of Boston will speak. Young People's night will commence with a banquet on Wednesday at 6 p. m., with covers laid for 200, after which Rev. Dr. Randall of Chicago, and Rev. Dr. Durgin of Cambridge, Mass., will deliver addresses.

The subject of immigration will be ably presented by Rev. Dr. William A. Frye of Trenton, N. J., Thursday afternoon. Rev. S. O. Benton, D. D., will speak for the Board of Foreign Missions Thursday night. Friday afternoon Miss Emily Harvey, of Rappahannock, Va., will speak to the ladies and Rev. Dr. W. A. Anderson of the Board of Education will speak at night.

The program for Saturday evening includes a reception to Bishop Joseph F. Barry and the members of his cabinet to which all the people of the town will be most cordially invited. After this social hour it is hoped that Rev. Dr. Anderson of New York, may be secured to deliver one of his popular lectures. Sunday morning and evening the pulpits of most of the churches will be supplied by Methodist preachers.

The appointments will be read preliminarily Monday morning, when over 100 men will hear for the first time officially where their field of labor will be for the coming year. All services are public and will be of more than mere denominational interest. No pains will be spared to make everybody welcome.

DEFENDANT'S TESTIMONY.

Being Put in Evidence in the Form of Depositions.

Burlington, March 21.—The defense has been heard at last in the case of John S. Wilkins, administrator, vs. W. H. Brock, the suit for \$10,000 damages against an osteopathic doctor, based on the allegation that he caused by his treatment the wife of the plaintiff to die. The testimony for the defense consists largely of depositions. The defense will also introduce medical testimony for the purpose of impeaching the plaintiff's evidence. It is expected that the evidence will not be completed until the last of the week. Dr. Brock, the defendant in the case, will probably not testify under the rules of evidence.

The case is not at all likely to go to the jury until the first of next week.

ASK CHANGE OF VENUE.

Newspaper Clippings Used as Evidence in Steunenberg Case.

Boise, Idaho, March 21.—Ninety-eight clippings from newspapers which counsel for Haywood, Moyer and Pettibone, who are charged with the murder of former Governor Steunenberg, says have been read to such an extent as to prejudice public sentiment, were read at the trial Tuesday. There were 300 clippings attached to the original motion for a change of venue and 150 to a supplemental action filed at the opening of this term of court.

The defense announced that they would complete the reading today, when the affidavits filed in support of the action will be taken up. There are approximately 600 of these.

MANY RUMORS.

San Francisco Officials Said to Have Confessed Graft.

San Francisco, March 21.—All kinds of rumors are afloat about alleged confessions by city officials, of graft, but verification is impossible. Among the reports are those that negotiations have been opened by the accused men with Delphin M. Delmas, who is defending Harry K. Thaw in New York, and that Mayor Schmitz has been, or will be, confronted with the written confessions of the supervisors and has been promised immunity if he will add his confession to theirs. This, it is said, will be done by the prosecution in order to reach the bribe givers.

ANTI-PASS BILL GOES THROUGH

New Hampshire Legislature Adopts One

STRINGENT PROVISIONS

Fines of From \$100 to \$1,000 for Accepting or for Giving or Free Pass —Governor Shall Arrange for the Transportation.

Concord, N. H., March 21.—The Senate committee on judiciary yesterday morning reported the free-pass bill with amendments which make it an entirely new measure. Under suspension of the rules the bill was passed by the Senate, and yesterday afternoon the House concurred in the Senate's action. The bill now goes to the governor for approval.

The bill is an amendment to the Lord bill sent up from the House, in which all but the enacting clause is stricken out. Section 1 provides that any person who, being governor, member of the executive council, member or member-elect of the general court, just of the supreme court, justice of the superior court, judge of probate, justice of a police of municipal court, county solicitor, county sheriff, county commissioner or a salaried state officer, appointed by the governor and council or elected by the legislature, who requests for himself or another, accepts or uses any free pass upon a steam railroad, or any ticket which entitles him to transportation upon a steam railroad for which he has paid a less price than is demanded of the public generally, and an officer, agent or employ of a steam railroad corporation who knowingly issues, delivers or offers to any person a free pass or any ticket which entitles him to transportation at a less rate of fare, shall be punished by a fine of not less than \$100, nor more than \$1,000.

Section 2 provides that the governor shall contract for transportation, the payment made for members of the general court to be in lieu of mileage now allowed, except that those who reside more than two miles from the nearest railroad station shall each receive 20 cents per mile for their travel to and from their homes to such station each week.

Section 3 provides that persons serving as delegates to political conventions who request or accept passes or tickets at less prices, and railroad agents who issue, deliver or offer them to any such person, shall be punished by a fine of not less than \$100 nor more than \$1,000.

YANKEES KILL BUSINESS.

But It's British Business—Englishmen Don't See How We Do It.

"I met an interesting man in the train a few days ago. He was just an ordinary bullet headed, half-literate man, but he seemed to know his business, which was that of manager of a large parchment works. "The burden of his story was that his business was so dead that they did not know what to do with their works. And it was solely American competition that had done it. "In the first place, so he said, he cannot get the skins, because the American buyers collar them all by wholesale before the skins are killed. The skins of English sheep are bought on the docks in the field; those of imported sheep before the animals reach Liverpool and at prices which the Englishman cannot afford to pay. "In spite of paying higher prices and in spite of ocean freights both ways the American manufacturer takes the skins to the United States and puts the finished product back on the English market, parchment and chamois leather and all sorts of things, at a price which the English manufacturer cannot meet. "The American product, he said, was not as good as his, but it was good enough; and how the Yankee did it he was at a loss to comprehend. I asked him if he had been to America to see. He said he was going the next month. "The incident itself is trivial, but it is only one of many which have come to light of late, the cumulative effect of which is compelling England, as sure as the sun rises, to establish a protective tariff. But it is not American competition that the English manufacturer and the English public hate one-tenth so much as they hate the flooding of British markets with cheap goods from Germany. That is where the shoe really pinches."—London Correspondent of the Bellman.

A Lasy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a waste of time to be a weary or starved man because he lapsed in his work. In treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress, "small of back," gnawing or distressing feeling in stomach, perhaps nausea, or "rises" in throat after eating, and kindred symptoms of weak stomach and torpid liver, the medicine will relieve you more promptly or cure you more completely than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and attested by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.
